

Cascade Sports Car Club
Miller-Kersting Memorial Driver Training Event
School or High Performance Driving Event @ Portland Int'l Raceway

Bring your street or race-prepared car to our ICSCC-approved driving event. It is fundamental for those interested in racing, yet also fun education for those who want to learn more about car control on the street.

Our On-Track Driving School includes a four-hour evening classroom session with in-depth instruction on car control theory and driving techniques. The next day you will put your knowledge to work on the 2-mile road course at world famous Portland International Raceway. You'll have a full day of on-track instruction and camaraderie with fellow car/racing enthusiasts, who will gladly share from their years of performance-driving and racing experience.

For those interested in simply honing their driving skills, our HPDE course includes a full day of on-track sessions around P.I.R. An instructor will ride along first session. *Note* - The HPDE course is only open to those who have completed two Cascade-approved schools, &/or who have completed a minimum of three track days in the past two years; or who have a competition race license.

OW— There is now have the opportunity for Open-wheel/Sports Racers to have a test run before the race weekend starts. We have added a 15-20 min. single OW session at the end of the track day to allow them to have their own practice session.

** On-line Registration now available at Cascade.MotorsportReg.com! **

.....

.....
Cost: School includes evening classroom plus full-day on-track instruction--\$200 (For CSCC members, school discount \$10)
 HPDE is a full-day of track time--\$170 / Open-wheel session--\$45

**Please register on-line – Credit/debit cards will be processed the week of the event.

Classroom Location: Dick Hannah Subaru @ 7407 NE Vancouver Plaza Dr, Vancouver, WA 98662

Requirements: Safety is our primary concern. We require a helmet certified as SNELL M, or SA 95 or newer. Cars will be inspected before being allowed on the track. Open cockpit cars (convertibles) must have an approved roll bar. This inspection and roll bar acceptance is not a certification of a car's safety or its ability to withstand the stress of this school. Your entry constitutes your understanding and acceptance of the risks of motor-vehicle driving events. For insurance purposes, all entrants must be 18 years of age or older and have a valid drivers license. **NOTE: Convertibles w/ Pop-Up rollbars will no longer be allowed.**
